

39318 – Prime roadside land of 1200 sqm for sale in Sidemen, Karangasem

Description

This prime plot is perfectly located in tourist spot in the eastern part of the paradise island – Bali at Sidemen village of Karangasem Regency. This region is a haven where the timeless grace of nature intertwines with Balinese culture. Here, you are invited to a journey back in time, surrounded by verdant rice terraces and soothing waterfalls, where the authentic rhythms of Balinese life resonate. This land is perfect for gateway to Bali's authentic past, suitable to build a sanctuary for the adventurous and curious like a villa could be for private use or commercial business purposes. A place where you can get an exploration of spirit and culture, where you arrive as a traveler and leave with a deeper connection to the essence of a Bali that time remembers. Features 1200 sqm of land, ideally nestled on the main roadside. Encompassing flat contour and nearly rectangular dimension, this land offers panoramic natural views of the hills, mountain, lush greeneries and rice fields. Neighbouring private villas and local residence and proximity to the public facilities. This plot promises a convenient location, tranquil atmosphere and beautiful views. It's perfect for getaway destination and for business investment.
