

39831 – Roadside land of 3180 sqm with pristine natural surroundings for sale in Sidemen, Karangasem

Description

This beautiful land is perfect for creating a hideaway oasis that would be suitable for couples, families and retreats. Nestled in the eastern part of the island – Bali, in the heart of Sidemen Valley at Karangasem Regency. This land is a unique destination and ideal for building a resort or luxury villas, set amidst unspoiled nature, offering captivating views of river, lush jungle and majestic mount Agung. This is a place for deep immersion into nature and experience the authentic Balinese culture, an opportunity to reconnect and enjoy peaceful moments. Features a 3180 sqm of total size, convenient location right on the main roadside and ideally on the riverside too. Surrounded by exclusive tourist accommodations like resorts and villas, this land is giving you a great opportunity for developing your business investment in east Bali. Boasting a harmonious blend of flat and sloping contour, it is giving you a chance to create a unique architecture of building. It would be an oasis for forgetting daily routines and retreat into a little piece of tropical paradise with fresh air and beautiful scenery.
