

41617 – 2000 sqm of lake side land offers panoramic natural views for sale in Pancasari, Buleleng

Description

Explore this lake country side land in Northern Bali reveals stunning views and a tranquil atmosphere in the highlands of Pancasari, Buleleng. A 2000 sqm of farming land perched on the misty lakeside, surrounded by villas, gamplings and very close to the Buyan Lake, offers panoramic views of the local agriculture like strawberry, and vegetables. It's ideal for anyone looking to invest in agriculture near Buyan Lake or build a private villa for own use or a business investment like a restaurant, guesthouse, a local residential complex, etc. This land offers not only scenic views of cool mountainous landscapes but also serene experiences far from urban chaos, which is perfect for a retreat where the tranquility awaits. In Bali's northern highlands, it is a hidden gem where you can discover a tapestry of natural wonders, including cascading waterfalls and twin lakes surrounded by lush rainforests. Against this breathtaking backdrop, this land promises a rejuvenating experience like no other. In additions, this land also ideal for long term investment!
