

41967 – 8000 sqm of plantation land full of tangerine trees for leasehold in Bunutin, Kintamani

Description

If you're looking for adventure, Bali's western caldera wall of Mount Batur is the perfect place to discover unique experiences and exciting activities. This region offers lot of activities. Challenge yourself by trekking Mount Batur, Fishing at the lake, and then pamper yourself in the natural hot springs while enjoying the panoramic views of the lake and the surrounding mountains. Imagine a picturesque setting where the atmosphere is relaxing and peaceful, allowing you to rejuvenate your spirit with positive energy. Although this land is currently a successful tangerine plantation, it can be upgraded for the construction of a commercial villa or resort. The total size of the property available for lease is 8000 sqm, which will remain under leasehold until 2049, including a house and storage. This land offers opportunities for long-term investments that can yield higher returns in the future compared to today's values.
