

43385 – 300 sqm of prime plot for sale in the heart of Renon, Denpasar, Bali

Description

Strategically located in the bustling capital city of Bali is Denpasar, right in the heart of Renon. It's an area that offers a unique blend of traditional charm and modern conveniences. As you explore the city, you'll be captivated by its vibrant atmosphere, rich cultural heritage, and stunning natural beauty. This prime plot is a great opportunity for investment, located right in front of Plaza Renon Mall, making it one of the most desirable areas in Renon – Denpasar. With only a 100-meter distance from the main road, the land features a 300 sqm area with approximately 20 meters of frontage and has a wide paving access road, which is suitable for cars passing by. This area presents an excellent opportunity to build a house, combining urban living with a serene atmosphere, right in the city center. Moreover, it is perfect for constructing a boarding house that can generate substantial passive income. With its convenient location, you can easily access educational institutions, hospitals, businesses, leisure activities, administrative offices, and places of worship. This land is a significant investment opportunity, and you should not let it slip away.
