

44221 – Land plot available for freehold sale in Nyambu, Tabanan (1000 sqm)

Description

A rare opportunity to secure freehold land (SHM) in the peaceful yet strategic village of Nyambu, Kediri – Tabanan. Available starting from 10 are (1,000 sqm), these plots are ideal for those who dream of building a private villa, family residence, or investment property in one of Bali's most authentic and fast-growing areas.

The land features a flat contour and residential zoning, making it easy to develop and ready for construction. Access is provided through a 3-meter village road, and the location is only a short distance from the main road, offering both convenience and tranquility.

Surrounded by a harmonious blend of local housing, temples, rice fields, and villas, the environment offers an authentic Balinese charm while being close to lifestyle destinations. Nyambu is part of Tabanan Regency, which is gaining popularity as nearby areas like Canggu, Pererenan, and Tanah Lot become increasingly crowded and expensive. This makes Nyambu a highly attractive area for smart property investors looking for strong long-term value.
