

45850 – 6,528 sqm of Riverside Land for Sale in Senganan, Penebel – Tabanan

Description

Nestled in the serene countryside of Penebel, this beautiful riverside land offers a rare opportunity to own a large freehold property in one of Bali's most scenic rural settings. The property spans a total of 6,528 sqm, divided into two adjoining plots of 3,700 sqm and 2,828 sqm, providing flexibility for future development or agricultural use. The land features a combination of flat and slightly sloping contours that gracefully descend toward the river, creating a natural harmony between land and water. With a 4-meter access road, the property ensures easy entry while maintaining privacy and tranquility. Surrounded by lush greenery, local farms, and a traditional Balinese village atmosphere, this location captures the authentic charm of rural Bali. It's perfect for those seeking to develop a private villa retreat, eco-resort, or organic farm, where guests or residents can enjoy the soothing sounds of nature and river views. Located in Senganan, Penebel, Tabanan Regency, the area is renowned for its fresh air, fertile soil, and stunning landscapes. With a freehold title (SHM) and an attractive price offered, this land is an excellent investment for those looking to build in a peaceful yet naturally captivating part of Bali.
