

46399 – Modern Residential Units (only 3 remaining) for Sale in Kediri, Tabanan

Description

Located in the rapidly developing area of Kediri, Tabanan, this residential complex offers an exceptional opportunity for homebuyers and investors seeking a modern, comfortable, and strategically positioned property in Bali. With only three units remaining, this limited collection of newly built homes provides excellent value and practicality for families, young professionals, or those looking to secure a property in a peaceful yet well-connected neighborhood. Each unit is built on a 100 sqm land plot with a 60 sqm building size, designed to maximize comfort and functionality. The layout includes three bedrooms and two bathrooms, thoughtfully arranged to support family living or long-term rental prospects. The open and efficient floor plan ensures good natural lighting throughout the home, while the modern finishes and clean architectural lines create a bright and inviting atmosphere. The property also includes a practical garage area, making daily living even more convenient for residents with vehicles. As an added value, each unit comes with several attractive bonuses, including a garage canopy, garage gate, and stone-patterned garage flooring. These additions not only enhance the property's curb appeal but also provide practical benefits such as weather protection and additional security. These features mean that new owners can move in with minimal additional investment.

This residential complex sits in Kediri, Tabanan, an area known for its calm surroundings, local community warmth, and easy access to essential amenities. Within a short drive, residents can reach grocery stores, schools, cafés, and key road networks that connect Tabanan to Denpasar and Canggu. The location is ideal for those who prefer a quieter lifestyle while still being within reach of Bali's popular areas. Each unit also comes with a Freehold Certificate (SHM), offering buyers full ownership rights—an important advantage for both long-term living and property investment. Whether you are seeking a primary residence, a family home, or a rental property, this development offers a reliable and secure option in one of Bali's increasingly sought-after residential areas. With modern construction, practical design, valuable bonuses, and a prime location, these remaining units present a rare opportunity—especially at an affordable price point of IDR 950,000,000 per unit.
