

Magnificent and Elegant Villa in Pererenan, Canggu, Bali

Description

Natural stones on the corners and parts of the buildings signifies its dominance in natural aspects, bringing artistic values to the overall appearance. Swimming pool that can be seen directly from the living room, second floor terrace, and second floor bedroom, insinuating the architectural language of harmony within the vicinity.

With few spots to facilitate your needs of an open space personal workplace, in this day of age you can grasp onto that "grind mindset" without ever having to sacrifice the feeling of comfy throughout your own residence.

The beauty doesn't stop there, you'll be greeted with such pristine aesthetics throughout the villa, the furnitures, walls, the layout itself, without the omission of functionality and practicality, whether it's in the kitchen, bedrooms, bathrooms, living room, any part of the villa.
