

Tabanan As A Second Option of Investment After Canggu

Description

Tabanan is one of a district in Bali Province which is located around 35 km west of the capital city of Bali, Denpasar. The main attraction of Tabanan is the beauty of its nature, such as the mountain's overview, natural terrace and the beautiful beaches.

Why must be Tabanan over Canggu?

Canggu was already full of buildings belong to local people or expatriate and unfortunately was no longer allowed to have new building by local government even for private living or commercial building.

Tabanan has a lot of black-sand beach such a beautiful as Canggu. It has famous Kedungu beach, phenomenal Cinta beach, attractive Yeh Gangga beach, Pasut for motor riding, and Nyanyi beach for horse riding.

Tabanan is also providing very easy access to some important places such Sleeping Budha and Tanah Lot Temple. Tabanan is also pretty close with Denpasar. And If you looking for another tourist destination, Tabanan has so many option of it like Jatiluwih terrace, Penatahan Hot spring, Leke-leke Waterfalls, Bloom Garden Bedugul, Beratan lake, Bali Botanical Garden and so on.

Beside it, Tabanan is still dominated by its fresh nature that nicely offered in an affordable price. That's why, Tabanan being very good alternative for own living or investments with high return in the future.

When the best time to invest?

During this pandemic, property investment will gain more profit than any other investment instruments. Property investment also has a balanced rate of inflation. Moreover, its value will always rise and can be rented out.

Remember, Bali is one of the main destination of both local and international tourist. Because of the easy transportation access, these days many Indonesian people are interested in visiting Bali, especially in Tabanan.
